Re: Notice of Filing – UNS Electric, Inc.'s 2014 Electric Energy Efficiency Plan
Docket No. E- 04204A-12-0219

The Electric Energy Efficiency Standards set forth in the Arizona Administrative Code ("A.A.C."), Section R14-2-2405.A, require UNS Electric, Inc. ("UNS Electric") to submit on June 1 of each odd year, or annually at the election of the utility, an Implementation Plan describing how the Affected Utility intends to meet the energy efficiency standard for the next one or two calendar years, as applicable. On June 1, 2012, in Docket No. E-04204A-12-0219, UNS Electric filed its 2013 Electric Energy Efficiency ("EE") Implementation Plan ("Plan"), which included: i) a DSMS Rider R-2; and, ii) a request for a waiver of the 2013 EE Standard in accordance with A.A.C. R14-2-2419.B.

The 2013 Plan has not yet been acted upon by the Arizona Corporation Commission ("Commission") and UNS Electric does not have any new programs or measures, nor does it have any requests to modify any programs or measures to be included in a 2014 EE Plan. Therefore, UNS Electric respectfully requests that the Commission extend the pending 2013 EE Plan to cover 2014 as well, and approve the 2013 Plan as filed in the above-referenced docket. UNS Electric also requests a waiver of the 2014 EE Standard in accordance with A.A.C. R14-2-2404.B. UNS Electric considers this filing, as well as the pending 2013 EE Plan, to fulfill the requirement set forth in A.A.C. R14-2-2405.A.
